FACTS ABOUT CCSD BOND 2026

Carroll Community Schools Announces Bond 2026

On August 26th, the Carroll CSD Board of Education accepted a community petition to place a general obligation bond issue on the November 3, 2026 election ballot. The proposal reflects community feedback and focuses on priority facility needs.

Over the next several weeks, I will include information in the District newsletter to share **facts about the proposed bond issue**, the projects included, and opportunities to learn more.

Our goal is to make sure parents, staff, and community members have accurate information so you can make an informed decision.

Carroll High School Media Center
- **September 23 | 7:00-8:00 PM**
Carroll High School Auditorium
- **September 30 | 7:00 PM**
Facebook Live on the District Facebook Page

Overview of the Proposed Bond

The proposed bond focuses on **priority facility needs identified through community feedback over the past year**.

The bond project will:

- Expand Educational Opportunities for Students.
- Modernize the Learning Environments.
- Improve Long Range Financial Efficiencies.
- Retire Adams Elementary.

What is included in the bond?

To accomplish the goal of increasing educational opportunities for students & retiring Adams Elementary the following projects are being proposed:

District Grade Reconfiguration:

- Fairview Elementary would continue to serve PreK through 2nd grade.
- Renovate the current middle school into an intermediate school serving 3rd through 6th grade.
- Renovate and expand the current high school, including the addition of a 7th & 8th grade wing, to serve 7th through 12th grade.
- Retire Adams Elementary & transition students into renovated school for their grade level.

Retire Adams Elementary: Improve Financial Efficiency

Retiring Adams Elementary allows the district to operate more efficiently by reducing the number of schools from four to three and avoiding the significant cost of updating an aging building. Students will move into newly renovated schools, allowing district resources to be focused where they will have the greatest long-term impact.

Carroll Intermediate School:

- Renovate current middle school to serve students in 3rd – 6th grade.
- Modernize current learning environment.
- Update current classrooms for age appropriate learning.
- Add a new playground designed to serve younger students.

Carroll Jr/Sr High School:

- Improve parking and traffic flow to better serve more students and staff safely.
- Expand educational opportunities:
 - Addition of 7th & 8th grade classroom wing.
 - Addition of career and technical classroom space for the trades.
 - Renovate art classrooms.
 - Renovate current science classrooms and increase hands-on learning science lab space.
 - Update gymnasium/PE classroom and activity facility.
 - Expand the commons area.

How much will this cost?**Financial Facts:**

- **Total Bond Cost:** \$51,000,000
- **Tax impact:** \$2.70 per \$1,000 of assessed value
- **Monthly cost:** \$8.78 a month for a \$100,000 home

- **Ag Land Tax Impact:** For ag land valued at \$2000 per acre the annual increase would be \$3.21 per acre or \$0.27 a month per acre.

Questions?

If you have questions about the proposed bond issue, please **reply to this email**. I will include answers to common questions in future newsletters.
